### CALL FOR PAPERS

We are now issuing a call for papers. Any person interested in presenting a paper at the workshop (17<sup>th</sup> – 19<sup>th</sup> September) can send it using our EasyChair system before the 13th of July 2012. Please consult the JIWIN website for further details at: <http://jiwin.computing.dcu.ie>.

#### *Topics of Interest*

Topics of interest include, but are not limited to, the following areas:

Biological Networks	Network Storage and Information Management	Large-Volume Data Management
Traffic Networks	Large-Scale Communication Network	Autonomic Control for Large Scale Networks
AI and Networks	Transport Protocol for Information Flows	Content Delivery Networking
Information Flow in Complex Networks	Flow-level Network Analysis, Modeling, and Simulation	Auto Configuration mechanisms for Network Management and Control
Epidemic-Style Communication and its Applications	Measurement and Control of Network Flows	
Data-centric Network and its Applications	Data-Intensive Network Applications	
Stream Processing and its Applications	Social Networking and its Applications	
Mobile Ad-Hoc Networking	Large-Scale Distributed Applications	
Delay/Disruption Tolerant Networking	Cloud Computing for Complex Information Flows	
	Sensor Networking
